PROFILE

Motivated Software Engineering student with hands-on experience in full-stack web development using modern technologies. Skilled in building scalable applications with React, Node.js, and MongoDB. Passionate about developing efficient, user-friendly systems and continuously learning new technologies.

PROJECT EXPERIENCE

Portfolio Website (Full-Stack Application) 2024–2026

Technologies: React (Vite), Node.js, Express.js, MongoDB Atlas, Mongoose, JWT, Axios

Deployment: Frontend – Vercel Backend – Render

Live Link: portfolio-admin-six-blue.vercel.app

- Developed a full-stack portfolio system using MVC architecture.
- Built RESTful APIs for managing profile, projects, skills, and messages.
- Integrated MongoDB Atlas and implemented authentication using JWT.
- Designed a responsive UI with modern frontend practices.

Velvet Vogue – E-Commerce Web Application 2024–2026

Technologies: React, Node.js, Express.js, MongoDB, Mongoose

Deployment: Frontend – Vercel

Live Link: velvet-vogue.vercel.app

- Developed a full-stack e-commerce application for product browsing and management.
- Implemented backend APIs for handling products, users, and core functionalities.
- Designed responsive and user-friendly interfaces for better user experience.

Eco-Tourism Cloud Platform (ETCP) – UI/UX Design 2024–2026

Tool: Figma

- Created wireframes and prototypes using user-centered design.
- Improved usability and interface consistency.

Healthcare Appointment System – DSA Project 2024–2026

Technology: Java

- Developed a system to manage healthcare appointment workflows.
- Applied data structures and algorithms for efficiency.

Dream Book Shop – CLI Data Analysis Application 2024–2026

Technology: Python

- Built a CLI application to analyze CSV datasets.
- Generated insights to support decision-making.

EDUCATION

Bachelor of Science (Hons) in Software Engineering

ESU – Jaffna

Currently Studying

Higher National Diploma (HND) in Software Engineering

ESU – Jaffna

Completed – February 2026

G.C.E Advanced Level (Bio Stream)

2020

G.C.E Ordinary Level

2017

CERTIFICATIONS

Python for Problem Solving – University of Jaffna

Advanced Web Development – University of Jaffna

CORE SKILLS

- Full-stack web development (MERN)
- Problem-solving and analytical thinking
- Team collaboration and communication
- Time management and adaptability
- UI/UX design fundamentals
